Atos

Savitribai Phule Pune University

About

Completed my Bachelors of Engineering from SPPU Pune University with a First Class Grade. I began my career in the field of Cyber Security as a SOC Analyst at ATOS. Starting fresh with a strong enthusiasm to learn and grow. Currently I am working as Cyber Security professional at ATOS.

With more than 1.8 plus years of experience in the domain of Security Operations Centre (SOC) in the areas of monitoring and analysing the events triggered by SIEM from IPS, Firewall, Proxy, End Point Protection devices, Windows and Linux devices.

With my solid foundation in the domain of Cyber Security, I am passionate about staying updated with latest security trends, emerging threats, and best practices to ensure that I can provide the highest level of protection to the organisations I work with.
