About

I am a senior software engineer with almost four years of experience in delivering enterprise software projects utilizing Agile methodologies. My work has contributed to the successful launch of four REST API services and SaaS applications that form the backbone of our platform. I have played a key role in code development, ; ...see more

Naseem Mulani · 2nd

Aspiring Product Manager: Bridging Ideas and Execution
March 14, 2023, Naseem was senior to Paresh but didn't manage Paresh directly

I have worked with Paresh for a brief tenure of 2 years in Tavisca and highly recommend him for his positive attitude, proactiveness, problem solving skills and willingness to implement the best solution possible. His contribution was immense to the project of Rules Engine and another PCI compliant service we worked together on. He first started with implementing a solution by breaking it down into smaller modules. Once the solution was implemented he ensured to achieve code coverage results with tests as high as 95%. When targeting to finalize an SLA for Performan...
